PROFESSIONAL SUMMARY

Professional Full Stack Developer with 6 years of solid, relevant experience. I specialize in Applied AI, Web Apps, APIs, and Automated data scraping. Proven track record delivering high-impact projects in healthcare, e-commerce, and social intelligence platforms.

RELEVANT EXPERIENCE

WR Advisory Group (via Katana Techworks Inc.)

Lead Developer (Independent Contractor)

Jan 2025 to Present

- Developed **WR Watcher**, an Automated SOCMINT system and AI sentiment analysis application achieving over 75% accuracy in pre-election polling.
- Led technical development on data analysis tools (**WR Engagement Extractor, Watcher Alerts**), reducing time spent on a key report generation process from few hours to minutes.

Katana Techworks Inc.

Lead Developer

Sep 2023 to Jan 2025

- Developed **Greentrait & Medtrait**, a pharmacogenetic-guided clinical application used by U.S. healthcare providers, enabling safer cannabis medication management.

Software Developer

Jun 2022 to Sept 2023

- Worked remotely with EU-based client to transform **MuseSquare**, an art gallery blog into a collaborative e-commerce marketplace, integrating booking and payment features to generate new revenue streams.
- Created custom WordPress plugins using a modular architecture.

Empire East Land Holdings Inc.

System Developer II

Nov 2021 to Jun 2022

- Led the development of **Contractor Consultant Portal**, an RFI/Submittal form management system, eliminating manual paperwork and cutting processing times from days to hours.
- Built a semantic search indexer for the operations directory, improving contractor access to relevant personnel through context-aware.

System Developer I

Feb 2020 to Nov 2021

- Developed services that streamlined paper-based procedures across departments, significantly reducing human errors and improving workflow efficiency.

Synthesis Workforce Management

May 2019 to Dec 2019

Intern/Web Developer

- Maintained and updated official website using newer technologies and libraries, resulted to faster user experience.
